## AIR PILOTS NEAR DEATH CHINESE GOVERNMENT OVERTHROWN

DESPERATE FIGHT  
WON BY FLYERS

### REPUBLIC'S CHIEF FORCED TO QUIT

Resignation of President Demanded by Republicans

ACCUSED OF BOWING TO JAPS

New Era is Seen in Ousting of Militarists

PEKING — (Associated Press) — Restoration of peace in China, torn by civil conflicts for years, seems not a task at any time since the Peking government first encountered armed opposition.

The whole matter as viewed in the light of recent developments, revolves around Dr. Sun Yat Sen president of southern or Canton government, whose fight to wrest control from the Peking government has been based on the contention that Hsu Shih Chang's occupancy of the presidential chair was illegal and that he and his associates were unduly subject to Japanese influence.

WILL QUIT PALACE  
Developments in the north tend to minimize the power of General Chang Tso-Lin who recently let it be known he planned to establish an independent government in Manchuria, as a disturbing factor.

President Hsu Shih Chang will retire to Tien Tsin, leaving the presidential palace to his successor who in all probability will be Li Yuan-Hung, former president.

Members of the old parliament, meeting at Tien Tsin, have requested Li Yuan Hung to assume the presidency, from which he resigned in 1917, after the militarists obtained control. Li is expected to come to Peking immediately to take office until the full parliament holds a regular election.

President Hsu's resignation was announced in a mandate published today. The president's action followed a demand that he vacate, issued by members of the Republic parliament, supported by the victorious General Wu Pei-Fu.

NEW ERA SEEN  
The Liberal press of China today acclaimed the retirement of Hsu Shih Chang as opening a new era in the country. It was pointed out that as long as he remained in office the north and south were antagonistic, but that since parliamentary government seemed restored, there was no longer reason for Sun Yat Sen to maintain a separate government at Canton.

WU PEI-FU IS REGARDED AS HAVING achieved a master stroke in removing the president thru a peaceful strategy after his brief but decisive war with General Chang Tso-Lin. Without interfering personally he guided the parliamentarians at Tien Tsin making President Hsu's position untenable.

MILLIONS FOR U. S.  
Great Britain to Pay This Sum Next Fall

LONDON — (Associated Press) — The government has completed arrangements to pay during the coming fall interest amounting to £25,000,000 on the British debt to the United States.

It has not yet been decided whether a special mission will be sent to Washington to discuss the debt with the American government.

PAY EXPECTED  
WASHINGTON — (Associated Press) — Announcement of Great Britain's preparations to pay this country \$100,000,000 next fall as interest upon that government's debt to the United States has reached the allied debt funding commission only thru newspaper reports, officials said today.

Payment of interest by Great Britain in the fall has been apparently counted upon for some time by the government as estimates of receipts for the coming financial year transmitted to congress by Secretary Mellon contained an item of \$200,000,000 as revenue from England in interest during the year.

PLEADS NOT GUILTY  
TOLEDO — Eddie O'Brien, alleged Toledo postoffice robber, pleaded not guilty to charges of robbery and conspiracy in connection with the million dollar Toledo postoffice robbery of February 17, 1921, when arraigned in federal court here today.

FILES CANDIDACY  
COLUMBUS — Common Pleas Judge T. D. Price of Perryco today filed with the secretary of state his candidacy for the Democratic nomination for supreme court.

### ENDS OWN LIFE

MISS MARY LONG

Miss Mary E. Long, who ended her life by taking poison because she was ousted, after serving 25 years as a teacher in the Elgin, (Ill.) schools. As a result of the tragedy, a citizens' committee has demanded that the school board restore 14 other teachers, also dismissed, and that the superintendent of schools be discharged.

### SAFE CRACKED IN GENERAL STORE

Thieves Get \$1,000 Loot in Village of St. Henry

FLEE TOWARD LIMA IN AUTO

Merchandise Carted Away—Safe Yields Little

Merchandise valued at \$1,000, between \$7 and \$8 in cash and a Liberty Bond comprised the loot obtained by three auto bandits who broke into a general store at St. Henry, a small hamlet several miles south of Celina, Thursday night. According to information received by Lima police, a safe was cracked, but the owner said all they got from it was the government security and cash.

PURPOSE IS DISGUISED  
Sheriff George Betz, of Mercerco, stated the trio disguised their purpose by parading as magazine solicitors. One of them is tall and portly. The others were small and of medium build, according to Betz. Ages are estimated between 30 and 35 years.

Their getaway was made with two machines, a large touring car and a Ford truck, Betz says. They were seen passing thru Celina at 3:30 a. m. Friday, it is reported.

VALUABLE LOOT  
The loot was mostly ladies' wearing apparel, including waists, underclothing, messaline and poplin cloths. Five ladies' wrist watches, silk scarfs, silk hose and men's collars also were taken.

They were supposed to be heading toward Lima early Friday, but no trace of them was seen in this vicinity.

### CHIEFS IN PARLEY

Called Before British Cabinet in Irish Crisis

LONDON — (Associated Press) — Announcement that Prime Minister Lloyd George will leave London tonight to remain away a week encourages the belief that there is some improvement in the Irish situation. He will go to Crichel to participate at war memorial exercises tomorrow.

The gravity of conditions in Ireland is emphasized, however, by the government's estimates of receipts for the coming financial year transmitted to congress by Secretary Mellon contained an item of \$200,000,000 as revenue from England in interest during the year.

BISHOP FINED  
COLUMBUS — Justice J. Evans, who styles himself arch-bishop of the Almighty church, was fined \$25 in Akron courts yesterday for operating an unlicensed children's home. It was announced today by the state department of public welfare. The home was ordered closed until it can be inspected and licensed. It was located near Akron and operated by the Almighty church.

### DENY REHEARING IN RATE FIGHT

Utilities Commission Rules Against City in Gas Case

RATE REMAINS AT DOLLAR

Appeal Made to Supreme Court As Last Resort

Application by the city to the state utilities commission for a second rehearing in the gas rate controversy was denied by the state body Friday, according to advices received here from Columbus Friday.

The original hearing was argued last fall and a decision granting the Lima Natural Gas company a flat rate of \$1 per 1,000 cubic feet was handed down by the utilities commission, based on the valuation shown.

CITY MAKES ATTACK

Decision of the commission was attacked by the city, and an application for rehearing filed. New evidence was alleged to have been dug up by the city. Arguments were heard in the matter at Columbus. Contentions made by the city were overruled by the commission.

Renewed efforts were made by the city recently to reopen the case, on the ground that the commission erred in not considering evidence offered calculated to show that the annual consumption of gas in Lima was greater than the amount figured by the commission.

EVIDENCE IS SUFFICIENT  
The city, in its application, took exception to the commission's order reaffirming a decision providing dollar gas and reiterated its contention that the commission was without jurisdiction. The utilities commission declared there was not enough evidence presented in the city's application to warrant a rehearing.

The city will seek to obtain a lower rate by appealing the case to the Ohio supreme court, according to Manager C. A. Bingham, and members of the city commission.

### GARY QUIZZED BY TRUST PROBERS

Objects to U. S. Steel Being Divorced of Rails

NEW YORK — (Associated Press) — Elliott H. Gary, chairman of the United States Steel Corporation, testified today before the Lockwood legislative committee investigating the building trust that his corporation was able to deliver its products at \$3 a ton less than its independent competitors.

He did not think the differential ever ran as high as \$5 a ton, as stated yesterday by John A. Topping, chairman of the Republic Iron and Steel Company. Mr. Gary conceded the difference in costs was largely accounted for by the fact that United States Steel owned more than 1,500 miles of railroad connecting its plants with ore centers.

Insisting upon the corporation's justification in owning and operating its own lines, Mr. Gary was asked by Samuel Untermyer, counsel for the committee, how he reconciled such joint ownership with the court ruling in the Reading case where it was held that joint ownership of railroads and coal mines was illegal.

"I am not very familiar with that case," he replied. "Then you are not keeping pace with the law," Mr. Untermyer said, smiling.

Mr. Gary said United States Steel would object strongly to being divorced from its railroads, asserting that he did not believe ownership of the lines gave the corporation an unfair advantage over its competitors, such as was held to exist in the Reading case.

### 2 DIE IN FLAMES

Aviators Burn to Death in Airplane Crash

EL PASO, Texas — (Associated Press) — Ben Jenkins, Jr., of El Paso, a lieutenant in the reserve corps and Sergeant Arthur Juergens, of the twelfth observation squadron at Fort Bliss, were burned to death today when their airplane crashed against the side of a mountain and was destroyed by fire.

### CHARACTERISTIC

The most characteristic thing about the photos of Walter S. Ward, confessed slayer of Clarence Peters, at New Rochelle, N. Y., is an ever present smile.

### DEATH OF PETERS NEAR SOLUTION

Man Arrested Expected to Clear Up Mystery

HELD AS MATERIAL WITNESS

Race Track Follower is Quizzed in Ward Case

WHITE PLAINS, N. Y. — (Associated Press) — Examination of James F. Cunningham, a race track follower, arrested last night in connection with the killing of Clarence Peters under mysterious circumstances that have involved Walter S. Ward of New Rochelle, was begun by District Attorney Weeks.

Cunningham, after a three hour conversation with the Westchester authorities in New York, was arrested as a material witness. He stated the man wounded by Ward in the battle following attempted blackmail, had been taken to his mother's home and that the man told him about the blackmail plot several days before it occurred.

Detectives are searching for the wounded man, whose name, as well as his probably hiding place, was revealed by Cunningham, according to the authorities.

WARD'S PLUNGES  
The arrest of Cunningham revived stories of plunges by Ward at various tracks and his acquaintanceship with many well known horsemen and gamblers. One story was that Ward disappeared some time ago and that detectives sent out to find the missing man discovered him at a race track near Baltimore.

Details of the information Westchester authorities were able to force from Cunningham have been withheld by Mr. Weeks and the sheriff.

District Attorney Weeks, who now has three groups of investigators at work, expects the Cunningham arrest to bring a sudden break in the mystery surrounding the death of Peters.

Mr. Weeks stated that he would make no move until the clues obtained from Cunningham had been investigated. He admitted that evidences of a great blackmail ring had been put before him and that his men were putting every ounce of energy into tracing possible connections between Ward and the blackmailers.

### FIFTY SUMMONED

State Calls Witnesses for Trial of Rev. Wilburne

CHARLESTOWN, W. Va. — (United Press) — Fifty witnesses were summoned by the state today to appear June 12, when the trial of Rev. J. E. Wilburne, Baptist minister, charged with murder in the Logan mine war will get under way.

Celone William E. Brown, attorney for the prosecution, announced that all these would not be used by the state, and his expectations are that the minister's murder case may be concluded within a week or ten days.

The entire case against Wilburne was revealed in the trial of Bill Blizzard, United Mine Workers official, for treason. Witnesses were produced who testified that the Baptist preacher, living on Blair Mountain, gathered a little band of 30 about him and took up a position on the firing line.

BITTEN BY SNAKE  
LANCASTER — Charles Ham mack, 7, is in a serious condition at his home near Cold Springs, the result of having been bitten by a rattlesnake.

### M'CORMICK CASE MORE COMPLEX

Swiss Law Requires Both Parents' Consent to Marriage

MAY UPSET CHICAGO PLANS

Compromise Between Factions is Now Sought

CHICAGO — (Associated Press) — Contending factions of the erstwhile household of Harold F. McCormick were committed today to a policy of compromise today over the romantic affairs of Mathilde McCormick and her former riding master, Max Oser, Swiss horseman of Zurich.

Conferences between counsel for Mathilde's mother, Mrs. Edith Rockefeller McCormick and her divorced husband which saved Oser from an absent investigation in court yesterday, were continued today, with tomorrow set by Probate Judge Horner as the date for his decision in a case to Mrs. McCormick's petition for an injunction to halt the marriage plans of Mathilde and the Swiss.

Mr. McCormick playing the double role of father and guardian, has agreed to withhold consent to the marriage at least until Saturday.

TANGLE GROWS  
Meanwhile the situation was made more complex on information from Zurich that the whole legal embroglio in Chicago is for naught. This information was to the effect that the Swiss law requires the consent of both parents, if living, in the case of a bride under 20 years of age. Mathilde, who is only 17, was given a guardian, it was said, so consent to the marriage could be given or denied according to her wishes.

Undaunted by the legal complications and the charges made by Mrs. McCormick that he is a fortune hunter with designs on both McCormick and Rockefeller millions, Oser, in reports from Zurich, was said to be continuing plans for the marriage as if nothing loomed to interfere.

Counsel for Mr. and Mrs. McCormick asserted that no basis for a final compromise on the proposed international marriage had been reached.

KIN AGAINST OSER  
CHICAGO — (United Press) — Max Oser was branded as a fortune hunter today by Emil Burge, his Chicago cousin.

Burge entered the fight with Edith Rockefeller McCormick against the marriage of Mathilde McCormick, 17-year-old granddaughter of John D. Rockefeller, to Oser, Swiss stableman.

"It isn't Mathilde he wants, but a life of ease during his declining years," Burge charged.

Cousin Emil said he was read: to aid Mrs. McCormick in the battle in probate court she has waged on her divorced husband, Harold F. McCormick, Mathilde's guardian who favors the marriage.

"If she's looking for evidence to induce the court to restrain McCormick from allowing the marriage of Max and Mathilde, I'll give her plenty," he said.

Max is worth about \$10,000, which isn't enough to make him comfortable during the rest of his life. He wouldn't have that much if he hadn't overcaressed American tourists.

"Let Mathilde's relatives cut off her inheritance and allowance and see how much longer Max love her," Mathilde said.

Mathilde is the first American heiress whom Max "shined" up to, Max, when I knew him, never let opportunity knock more than once. I see no reason to believe that he has changed.

INJURED AT BALL GAME  
COSHOCTON — C. Homer Durant, candidate for the Republican nomination for governor was rendered unconscious when he was struck by a baseball while umpiring a game here. His condition is not serious.

WAGES INCREASED  
MASSILLON — F. J. Griffith, general manager of the Central Steel company announced a general wage increase of approximately 10 per cent. About 2,000 employees will be affected.

### FORCED TO LAND

WARD T. VANORMAN  
Akron, pilot of a civilian balloon in race, lands in Missouri.

RALPH H. UPSON  
Detroit, pilot of civilian balloon lands in Ohio.

### PAY FOR SAFETY MEN DELAYED

Held Up One Day by Lack of Sale of Deficiency Bonds

Lima policemen and firemen did not receive their pay Thursday, June 1, because of the failure of the city to sell the \$45,000 deficiency bonds on time.

Under ordinary conditions the city employees are paid on the first and 16th of the month; the new system of time keeping installed by the city permitting this be done.

Time records were complete Thursday but money was not available Thursday night to pay off the men. Arrangements were made to pay them Friday, the bond, having been sold.

Under the present ordinance the city has until the fifth and 20th of each month to pay for work done in the two weeks ending the 21st and the 15th of the month. Every attempt is made to pay on the first and the 16th, however, City Manager C. A. Bingham said.

### FARM IS REFUSED

Gov. Davis Declines Request of John Bryan

COLUMBUS — (United Press) — Characterizing it as an un-American proceeding and violating the spirit of the constitution, Governor Davis today refused in behalf of the state, the acceptance of a 500 acre farm bequeathed by the late John Bryan of Yellow Springs.

The objections raised by the governor are to the restrictions on the will which prohibit any form of religious public worship.

Former Governor James Cox took similar action during his term of office when the provisions of the will were brought to his attention. The land is located in Greeneco near Yellow Springs.

FLINT, Mich. — William Buckler, a detective, was reported near death today from wounds received in a gun fight between bank robbers and a sheriff's posse, near Hadley, yesterday. Two of the bandits were killed by the possemen and another was wounded before he surrendered. The fourth member of the band was captured unharmed.

Buckler was shot in the head by one of the bandits as he sat astride a fence detecting a fire of automatic rifles in the hands of Sheriff's deputies.

Ballooning Racers Have Narrow Escape Over Lake Erie

FOOD THROWN OVERBOARD

Six of Bags, Swept From Course, Unaccounted For

CLEVELAND — (Associated Press) — Lieutenant James T. Neely, pilot of army balloon number 5 in the national race from Milwaukee, and his aide, James H. Jordan, won a desperate fight for their lives when they landed at Dover village, west of here, last night after trying for eight hours to make a landing.

A terrific wind blowing from the east over the Great Lakes region is held by these flyers responsible for forcing them, Ralph H. Upson, of Washington, and at least four other balloons, all down out of the race. Upson and Andrews landed at Concord, Ohio, five miles southeast of Painesville, according to advices received here. From there they walked to Chardon, where they spent the night.

THINGS CUT FROM COATS  
To keep from dropping into Lake Erie, Lieutenant Neely said he and his aide, both of whom are stationed at Rome Field, California, threw out almost all of their food supply, cut loose all but two of the twenty-two sand bags of ballast they carried, threw overboard all of their instruments and even cut pieces from their fur coats and tossed them from the basket.

They first made several attempts to land at Ashtabula. The wind caught them, Neely said, and to save themselves from the lake, they began throwing food and other articles overboard. When the wind died down a bit they tried to land again but the wind caught them and almost threw them into the water.

"That's when we put on our life belts," Lieutenant Neely continued. "For a minute or two we had just about resigned ourselves, but we made it. We cut pieces off our coats, threw our instruments away and up we went."

At Monroe, Mich., yesterday afternoon the flyers said, they dropped a parachute message saying they were "well and happy."

SWEPT FROM COURSE  
CHICAGO — (Associated Press) — Carried far by their unexpected course by whimsical winds, six of the thirteen giant gas bags which started in the national balloon race at Milwaukee Wednesday, were unaccounted for at dawn today.

Two of the drifting bags were manned by army pilots, two by navy aviators and two by civilian balloonists.

Cross currents shifted the bags piloted by Major Oscar Westover of the army and Lieutenant Commander J. P. Norflett of the navy from the north-eastern course which they pursued at the start from Milwaukee and when they heard from there they were hovering over the edge of Lake Erie and floating east by north.

The remaining four bags believed to be still in the race were carried down the Mississippi valley on surface winds. As darkness closed around them they were drifting across Missouri skies.

SEVERAL QUIT RACE  
Several of the pilots quit the race because they could expect no more favors from the winds and wished to hold the distance they had covered. These included Ralph Upson of Detroit, one of the seven aviators shot high into the sky at the hopoff. He descended near Painesville, Ohio, last night when shifting winds threatened to start him back over the crooked course his bag pursued.

Warren Raser, of Brookville, Ohio, another independent flyer, came down near Fulton, Mo., rather than spend another night in the air. He landed only a few miles from the spot J. S. McKillen of St. Louis, had descended shortly before.

With commander Norflett and Major Westover, the sky pilots watched for today were Captain Harold F. Verks of Langley Field, Virginia; Lieutenant W. F. Reed of Pensacola, Fla., a navy aviator, and the civilian flyers H. E. Honeywell of St. Louis and Ward T. Vanorman of Akron, Ohio.

OHIOAN LANDS  
LORAIN, O. — Ward T. Vanorman, Akron balloonist, flying in the national balloon race from Milwaukee, landed last night at 9:47 at Fayette, Mo., according to a telegram received here this morning by his mother, Mrs. R. G. Vanorman.

With commander Norflett and Major Westover, the sky pilots watched for today were Captain Harold F. Verks of Langley Field, Virginia; Lieutenant W. F. Reed of Pensacola, Fla., a navy aviator, and the civilian flyers H. E. Honeywell of St. Louis and Ward T. Vanorman of Akron, Ohio.

WASHINGTON — Having obtained agreement among operators producing 80 per cent of the bituminous coal now being mined to restrict spot prices to a maximum of \$3.50 a ton for the duration of the strike, Secretary Hoover was understood today to be considering a conference of wholesale and retail coal dealers to discuss means of insuring to the public the benefits of the price agreements.

Definite plans for the conference are not yet determined, it was said at the department of commerce. The general proposal is to obtain the cooperation of the two classes of dealers.

## CLOCK IS RELIC OF TORNADO

Indicated Time for Mayor Cunningham When a Boy

An old clock saved from the wreckage of East school building more than 30 years ago, following a cyclone, was presented to the Allen-co Historical society Friday by Prof. S. Steffens, for many years principal of the high school.

The old clock is one of the Program variety and is not large, being calculated to rest upon a shelf. As its hands moved back and forth, it brought to classes such men as Harold Cunningham, mayor of Lima, and many others now active in the business and social life of the city. It shows patent marks of the year 1870.

The cyclone was of such force as to shatter the building. The old clock was found in the debris after the building had partially collapsed. The storm occurred on a Saturday. The east school building was located at Pine and North-sts., upon the site where now stands the Garfield-hdgs.

The clock is still in fine shape, as to look. It will be given a prominent place among the curios at the historical society room. Memorial-bldg, says Mrs. J. H. Pillars, secretary.

## DURBIN CLAIMS FRAME-UP

Fights Efforts to Extradite Him to Cleveland

WASHINGTON—(United Press)—Andrew J. Durbin, son of W. W. Durbin, Democratic state chairman of Ohio, today is fighting efforts of Ohio authorities to extradite him to Cleveland to answer charges of passing an alleged bad check on a Cleveland hotel.

Durbin insists as strongly today as he did yesterday that "he is being framed," because he gave information to Senator Watson, Georgia, with reference to alleged illegal liquor withdrawals, said to involve prominent officials of the department of justice.

Taken before Justice McCoy of the district supreme court, Durbin asked a continuation of his hearing on the extradition proceedings until tomorrow. He has engaged an attorney and says he will utilize every legal effort to prevent his return to Ohio.

"If I were to be merely prosecuted in Ohio, I would not hesitate to go," he said, "but they want to persecute me."

"It is ridiculous to make all this fuss over me on a mere charge of thirty dollars, the amount of the so-called bogus check."

Durbin quotes police officials here as offering to nolle prosequo the charges preferred by a Washington hotel on a similar bogus check charge if he will willingly return to Cleveland.

"Why should I?" he asked. "They have no case against me in Washington."

In the meantime Detective Reese of the Cleveland police is here, conferring with local officials in an effort to force extradition.

## SMEAD CASE HALTED TO AFFORD TIME FOR SECOND TEST OF ALLEGED LIQUOR

The case of George Smead, 664 S. Elizabeth-st., proprietor of the Allen Fruit Company store, 323 S. Main-st., charged with having had eight bottles of gin in his possession when police staged a raid a short time ago, was rested in criminal court Friday. Time was allowed counsel for the defense to make analysis of a small quantity of liquid labeled state's exhibit "A."

Defense was not satisfied with an analysis made by J. C. Cuthbert, chemist. It was subjected to a painstaking examination by an attorney Friday and chemistry formulas were trotted out and dusted off. Cuthbert declared the stuff contains 79.12 per cent alcohol.

Smead was on the stand and said he has been in the business of handling dried fruits, syrups, coloring liquids, old kags, bottles, cans and other paraphernalia. He denies he was aware the alleged gin, which was shipped from Chicago three weeks ago, came under the ban of prohibition.

## CLEVELAND EXPERT TO ADDRESS MASS MEETING HERE ON CITY ZONING

"Zoning" for the city will be discussed by Robert Whitten, Cleveland city planning expert, at a mass meeting at the Elks Home Friday night.

His coming here was arranged by the chamber of commerce, in order that Lima citizens might become familiar with the zoning question and understand the ordinance when it comes before the city commission.

A survey of the city was being made Friday afternoon by Whitten and a number of the members of the chamber of commerce city planning committee, headed by Ralph Austin.

In this survey the vital points were picked out for discussion at the meeting Friday night. Whitten plans to make his address constructive.

A dinner will be served at 6:30 p. m. and Whitten will speak at 7:30 p. m. Those who are unable to attend the dinner will be welcomed for the address. Extra chairs will be provided.

**EXCHANGE OF SPEAKERS**  
Henry Hartman, superintendent of the Sidney High School, will address the Brotherhood class at Trinity M. E. church Sunday. Eugene T. Lippincott, member of the class will address a similar class in Sidney Methodist church.

## COOL WAVE TO BE CONTINUED

Ted remains cheerful despite the fact that June was ushered in on the crest of a cold wave. Showers predicted for yesterday were delayed somewhere until today, finally arriving during the morning.

There is no immediate prospect of a change in temperature, according to the forecast released by the weather observer in Columbus.

Unsettled, probably showers tonight and Saturday. That is the program. It's too chilly to go altogether without fire in homes, and it isn't chilly enough to warrant starting a furnace fire. Hence, gas fires are the vogue.

Until rain came Friday, conditions were delightful for several days for out of doors work.

## MARRIAGE BANNS FROM DELPHOS ARE RECORDED

Banns recording the following marriage ceremonies were filed in probate court Friday:

Edward J. Trentman and Caroline C. Stauterman, Gilbert B. Elckhoff and Regina S. Grothouse; Joseph Riker and Agnes C. Klausius; Stephen J. Reindel and Leona M. Hessling. All were married in St. John's Catholic church, in Delphos.

## DAGOSTINO GIVES UP DODGING

Wanted on Rum Charge—Under \$2,000 Bond for June 14 Trial

Two weeks' search for Sam Dagostino, 38, of 112 E. Fourth-st., wanted since May 24 by police for alleged violation of the Crabbie Act, came to an end Friday morning when the accused voluntarily surrendered at headquarters.

Dagostino's home was raided the second time on May 24 and part of a still and a quantity of liquor confiscated, but no Sam, he had vanished as if in thin air, police say. No trace of him was found, but police were led to believe from time to time that he was laying low. His wife was an emissary to criminal court several times, attempting to loosen the grip of the law, but she was unsuccessful and finally called in Dagostino.

He pleaded not guilty to a charge of possessing intoxicating liquor and placed under \$2,000, the charge being the second placed against him. Trial was set for June 14.

Dagostino was fined \$250 in a liquor case March 2 in criminal court, and was bailed out by officials of the Ohio Steel company, where he is a valued employee. No assistance was forthcoming Friday until noon and the accused went to jail.

## HEALTH CENTERS TO BE ESTABLISHED IN FIVE VILLAGES IN ALLEN-CO

Health centers, such as is maintained in Lima at Elm and Elizabeth-sts., will be established in five other towns in Allen-co.

Dr. John J. Sutter, county health commissioner, made this announcement Friday. Dr. Sutter declared the action to establish branch health centers is due to the fact it would be more convenient for persons residing near a health center to visit it than to come to the central office in Lima.

Towns to be selected will be Bluffton, Spencerville, Harrod and Lafayette. The town of Landeck will be offered a health center, too, in case it is desired.

Dr. Sutter will announce the day each month upon which he will visit the health center, so that persons may consult him there. The branch health centers will be in operation by July 1, the county health commissioner, says.

## PUBLIC DEBT REDUCED \$51,000,000 DURING MAY

WASHINGTON—Reduction of \$51,000,000 in public debt during May was announced today by the treasury. The total public debt stood at \$23,138,836,607 on May 31, as compared with \$23,190,201,356 on April 30.

## AMBULANCE REMOVALS LONG & BOWERSOCK

Mrs. Hazel Steffey, from Dr. Beam's clinic to her home, 715 S. Union-st.

WILLIAMS & DAVIS: C. W. Morganthall, 618 W. Eureka-st. to St. Rita's hospital.

## GAS MAIN BURSTS

Many Homes in City Without Fuel at Noon Hour

Many homes in Lima were gasless at noon hour Friday, due to a break in the main supply line, near the Blair cemetery, 20 miles east of the city.

The blowout occurred at 9 a. m., but the break was repaired before noon. However, the gas supply has been weakened and in many places there was insufficient fuel for housewives to prepare the noon meal.

"The shortage is only temporary," Frank Pringle said at the gas office. "The supply is on the upgrade again and will soon reach normal," he said at 1 p. m.

## FIREPROOF SAFE CABINET TO PROTECT CITY RECORDS

Valuable records of the city are to be protected from damage by fire or from theft. A fireproof safe cabinet has been received and is ready for installation.

At the present time there has been no way to protect the valuable city records save by placing them in the water works office safe.

By the use of the large filing cabinet and its auxiliary equipment, it is expected that all danger will be eliminated and the records kept safe and accessible.

Complete arrangement of the offices at the city hall has been accomplished and a much more efficient method of operation adopted.

## TESTS APPLIED FRIDAY FOR BENEFICIARIES OF LIONS CLUB TRAINING

Lions club continued their work of civil rehabilitation Friday, when patients whose condition had been suggested in the recent survey, known as the Allen-co Plan, were recommended to the Lions for consideration. Patients assembled at the Health Center, Elm and Elizabeth-sts.

Dale Wolf, representing the state, assisted Dr. A. N. Wisely in examination and location of the patients in their proper class. Special fitness of the person for training or for an occupation was decided upon, after qualifications were learned in the tests submitted.

While training is going on, Lions will endeavor to secure occupation for these persons. The Lions were represented by a member of their advisory board, W. S. Shepherd and R. E. Ashley, president of the Lima club.

## SERVICES AT RESCUE HOME

Rev. W. J. Saunders, pastor of the High-st. United Brethren church, will conduct semi-weekly services at the Lima Rescue home, Friday. The minister recently assisted Rev. A. D. Welty, superintendent, in a series of evangelistic services there. Meetings are held every week on Tuesday and Friday evenings.

Radio, Reeve and Romance—a combination that can't be beaten. Read the marvelous mystery story, "On Wings of Wireles," in The Lima News Monday June 5.

## TOWNS WIPED OUT

Forest Fires Take Heavy Toll Northwest

PORTLAND, Ore.—(United Press)—Losses from forest brush fires, which swept the northwest during the last three months, probably will reach \$6,000,000, according to conservative estimates by government officials.

The towns of Cedar Falls, Prineville, and several others, fire-swept region have been reduced to ashes. Nearly 2,000 persons homeless.

Logging operations, recently delayed after months of depression, been seriously affected by the fires.

## VICTORY AT HAND

ST. LOUIS—(United Press)—Triumphs are undoubtedly at Woodrow Wilson said today, telegram to Missouri voters, message was addressed to W. H. Gruen, who wired the president asking him to let himself in getting good Democrats to run for committeemen.

Wilson's reply expressed the fact that such candidates may be "so that our ranks may be full of the great contests by which our new triumphs must be won." Wilson concluded by saying "Those triumphs are undoubtedly at hand."

## TUBERCULOSIS IS FOUND IN 21

Clinic Examines 64 for Trace of White Plague

32 FOUND FREE OF DISEASE

Eleven Suspicious Cases Will be Closely Watched

Sixty-four persons were examined at the chest clinic, which closed Thursday night at the Health center, Elm and Elizabeth-sts.

Of that number, 32 were assured they had no symptoms of tuberculosis.

Twenty-one of the patients examined showed positive traces of tuberculosis. Of adults nine are male and 17 female. Two were under five years of age and eleven were under 25 years.

Number of suspicious cases total 11. In these cases, one examination failed to reveal whether tuberculosis had infected the patient. It is left to Dr. J. B. Polling, health commissioner, to continue this investigation. Seven of these cases are under 15 years of age.

### PREVENTATIVE MEASURES

It is for this group the clinic hopes to prevent tuberculosis. "If we can improve environment for these young people before marked symptoms develop, by educating parents, especially in protective measures, where there is a tuberculosis patient in the family, our problem of the future will be solved," Miss Gertrude Armstrong, nurse from the state department, said.

"Value of this special consultation service is dependent not only upon the physician, the patient and his family, but upon the community as a whole in providing facilities for the care and education of the infected ones."

"The physician is ethically unable to approach the family to suggest needed examination and treatment, which makes it especially important that qualified public health nurses be employed to represent the physician in the home. No amount of supervision on the part of the department of health will make the anti-tuberculosis campaign a success unless the community itself is interested," Miss Armstrong stated.

Original copy of the history and findings of the clinicians for each patient has been sent to the family physician requested. Copy was also sent to the health commissioner and one to the public health nurse in whose territory the patient resides. All treatment will be handled thru the family physician. Every possible influence will be exerted to see that these persons have repeated examinations and follow the treatment advised by family physicians. All work will be followed up by the nurses and a report made to the state department every six months, it is stated.

### HOSPITAL NURSES HELP

Nurses from staffs of St. Rita's and City hospitals assisted Miss Marie Mueller, Miss Marian Foote and Miss Olive Johnson, public health nurses. They were: the Misses Effie M. Thompson, Blanche Neely, Aris Hardin, Naomi Harper, Rena Cleveland, Pearl Orphal and Pauline Hemmiller.

Girls' Welfare league of Central High school served lunch for all attending the clinic morning and afternoon, both days. Milk was the main food of this lunch.

## MILLER WAS NEAR, YET FAR FROM APPOINTMENT AS DEPUTY TO BAXTER

Sheriff Charles W. Baxter almost certified L. L. Miller, 122 1-2 N. Elizabeth-st., auctioneer and a Republican, as deputy sheriff, to succeed Clarence Fraunfelder, who resigned June 1.

Baxter, up until the appointment had almost gone over, labored under the misapprehension that Miller was a Democrat, he says.

"He had been after several times to be deputy," the sheriff explained, "and when this opening occurred I talked to him about it."

Miller was all set for the appointment, when his political affiliations became known.

"I'm a true Jacksonian Democrat," declared Baxter, "so I found another man. Miller was never really a deputy."

J. H. Baker, 430 N. Washington-st., whose politics are in accord with Sheriff Baxter's, received the plum.

Miller is said to have come to the conclusion he didn't want the job anyway. He would have been forced to have sacrificed his auctioneering business, he says.

## PETRIFIED FOSSIL IS EXCAVATED

Workmen Make Strange Discovery at Elmview

MAY BE AN OX OR BUFFALO

Unearthed in Digging Cellar at Laman Home

Workmen excavating a cellar at Elmview, five miles southwest of Lima, Friday uncovered the petrified body of an ox or buffalo.

The petrified animal was found at a depth of six or eight feet under the soil, on the property of W. J. Laman, Elmview grocer. Laman is excavating a cellar for an addition to his home.

When first discovered it was

thought to be a large stone buried in the ground and the head was broken off. As digging progressed, the outlines of the body became apparent and caution was exercised in removing the earth.

The carcass seemed to be lying on its side with the head turned back over the body. It is probable that the animal mired down many years ago when the swamp existed there. The formation is perfect, even to the tail and legs.

Petrification of organic matter is accomplished by infiltration of water containing dissolved mineral matter, as calcium carbonate, or silica which replaces the organic or animal matter particle by particle.

UNUSUAL INCIDENT

So far as can be learned, discovery of the fossil is the first of its kind ever made in Allen-co. Dr. George Hall, 866 Bellefontaine-av., members of the Allen-co Historical Society, knows of no similar discovery.

Several mastadons, prehistoric animals that roamed in Ohio prior to the glacial period, have been excavated in southern Ohio, Dr. Hall says.

Several have been found in Au-

## FRAUD IS CHARGED AND DENIED

Case of Judges' Increased Salary Before Supreme Court

COLUMBUS—(Associated Press)

Charges and denials of fraud and collusion in the granting of increased salaries to Cuyahoga-co common pleas judges during their terms of office were heard today before the supreme court.

The Allen-co court of appeals in its opinion holding the judges were not entitled to increased pay for terms in progress at the time of the act of the legislature granting increases became effective, May, 1920, said there was evidence of fraud in connection with previous litigation in which the common pleas court had ruled in favor of the judges.

Attorneys W. H. Boyd and T. H. Hogsett, representing the judges,

denied fraud. So did Assistant County Prosecutor James Cassidy, who said he approved the reversal by the Allen-co court of appeals, but not with its reasons. George D. Hiles, Cleveland attorney, opposing the judges, declared there was evidence of collusion.

In June, 1920, a month after the law became effective, raising salaries of common pleas judges in Cuyahoga-co from \$6,000 to \$8,000, Judge Lyman R. Critchfield of Wayne-co granted a writ in mandamus ordering the auditor and treasurer of Cuyahoga-co to pay increased salary to the judges.

He held that the constitutionality against increase of salaries of common pleas judges during terms of office did not become operative because the increase in pay was \$2,000, was to be paid by county instead of state.

The county prosecutor did not take the case and seven judges, Powell, A. J. Pearson, M. A. D. B. Cull, G. P. Baer, P. C. and S. E. Kramer drew the lot for a year.

# 21 GRADUATES IN MONROE-TP

Exercises to Take Form of Picnic, June 8

WILL BE ALL-DAY AFFAIR

Event Will Take Place in Eversole's Grove

Eighth grade graduation exercises of Monroe-tp will this year take the form of a school picnic, to be held in Eversole's grove, three miles southeast of Columbus Grove, Thursday, June 8. The program will begin at 10 a. m.

The list of graduates totals 21, as follows: Mabel Allgro, Eunice Adams, Orrin Basinger, Helen Beemer, Pearl Beery, Mabel Conrad, Lyonna Cook, Lucile Dunlap, Leo Eversole, Robert and Helen Harper, Freda Miller, Earl Parker, Annetta Sharp, Cleo Solomon, Mildred Vance, Marietta Van Meter, Fern Weir, Kathryn and Howard Weeks and Anna Belle Wood.

**BAND MUSIC ARRANGED**  
Music will be provided by the Allstate band. The invocation will be given by John R. Marshall, Don Lackey, president of the board of education, will give the welcome address. Kathryn Weeks will give the commencement greeting. Earl Parker will recite, "Be the Best of Whatever You Are."

Mabel Conrad will give a recitation, "The Crooked Sticks." Cleo Solomon and Helen Harper will favor with a piano duet; Eunice Adams will give a recitation, Leo Eversole and Pearl Beery will favor with a vocal duet, "Whispering Hope."

Robert Harper will recite, "A Boy's Complaint" and Lucile Dunlap will give a recitation, "Mother's Foot." The class address will be delivered by E. T. Lippincott, Lima. Presentation of diplomas will be made by Prof. C. A. Arganbright, county school superintendent.

A basket dinner will be served from 11:30 until 1 p. m. The afternoon session will consist of ten minute talks by John Begg, Columbus Grove; Judge William Klinger, Lima, and Prof. Arganbright, Lima.

**ATHLETIC EVENTS**  
There will be athletic contests in the late afternoon, including nail-driving contests for single and married women, one-hundred yard dash for boys and girls of the fifth and sixth grades, one-legged race for boys of the seventh and eighth grades, long distance baseball throw for single and married women, straight baseball throw for single and married women, needle-threading contest for single and married men and a whistling contest for single or married women.

First and second prizes will be awarded in each event. There will be banquet golf all day.

Members of the township are: Bertha Lora, Kathryn Kissell, Ruby Parrell, Kathryn Kissell, Ruby Beery, Louise Badertscher and Leila Barber.

Members of the board of education include: Don Lackey, president; Alvin Whistler, Clarence Begg, Jacob Allstate, George Lamb Jr., and Dwight Campbell, clerk. I. W. Byrly is superintendent.

213 N. Main St. Lima, O.

"Buy your bread from your grocer"

### Spring Fever

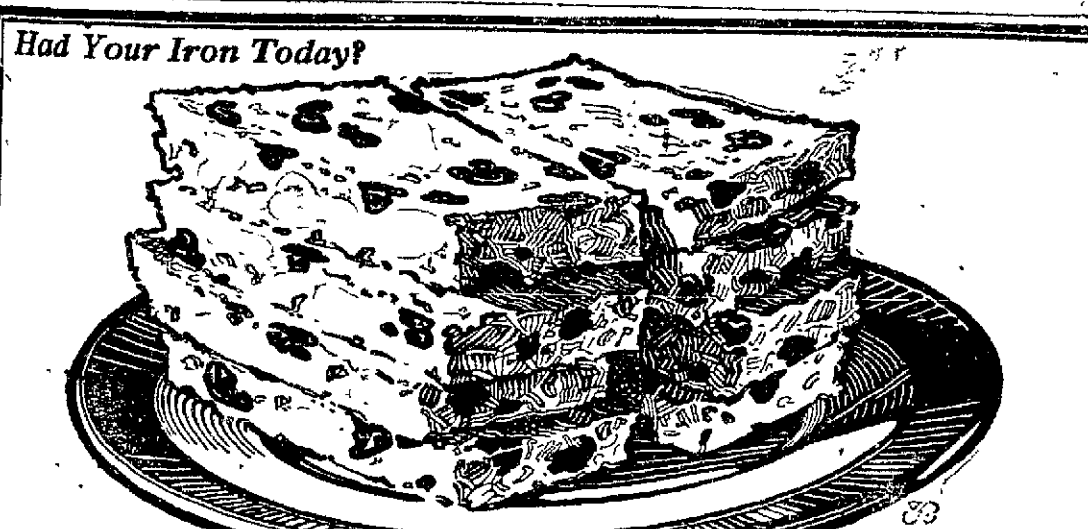

frequently spoils the appetite—at least, removes the keen edge that gives such relish.

If things don't seem to taste just right to you lately, we would like to have you try some good Butter Nut Bread; the crust flaky and nutty flavored, the bread itself tender and aromatically tempting.

Your grocer has it.

## STOLZENBACH'S BREAD

MONEY-SAVING COUPONS PACKED IN EVERY LOAF

## Let's Have Raisin Bread Tonight

**HOW** long since you've had delicious raisin bread—since you've tasted that incomparable flavor? Serve a loaf tonight. No need to bake it.

Just telephone your grocer or a bakery. Say you want "full-fruited bread—generously filled with luscious, seeded, Sun-Maid Raisins."

The flavor of these raisins permeates the loaf.

A cake-like daintiness makes every slice a treat.

Serve it plain at dinner or as a tasty, fruited breakfast toast.

Make delicious bread pudding with left-over slices. Use it all. You need not waste a crumb.

Raisin bread is luscious, energizing, iron-food. So it's both good and good for you.

Serve it at least twice a week. Start this good habit in your home today.

But don't take any but a real, full-fruited, genuine raisin bread. Your dealer will supply it if you insist.

## SUN-MAID Seeded RAISINS

Make delicious bread, pies, puddings, cakes, etc. Ask your grocer for them. Send for free book of tested recipes.
